

Government Engineering College, Gandhinagar
Electronics & Communication Engineering Department

Report on
Expert Session on Resume Making

Professor(Dr.) **Naresh Sharma sir** delivered an expert session on **August 21, 2023**, specifically tailored for students of the Electronics and Communication (EC) department. The session was meticulously designed to equip **EC students** with the essential skills and knowledge required for crafting an impressive resume.

Professor Sharma sir, a renowned expert in the field of career development and job placement, shared invaluable insights on the art of resume making. He emphasized the significance of tailoring resumes to suit the unique needs and expectations of the EC industry. During the session, students gained an in-depth understanding of how to highlight their technical skills, academic achievements, and relevant coursework effectively.

Furthermore, Professor Sharma sir provided practical tips on structuring resumes, incorporating keywords, and showcasing projects and internships. He also addressed common pitfalls and mistakes that students should avoid. The interactive nature of the session allowed students to seek personalized guidance and ask questions, ensuring they left with the tools to create compelling resumes that would set them apart in their job search.

Overall, Professor Naresh Sharma's expert session was an invaluable resource for EC department students, empowering them to present themselves confidently and professionally to potential employers in their field.

Objective of the Event:

- 1) **Resume Content and Structure:** Educate participants on the fundamental elements of a well-structured resume, including sections, content development, and formatting.
- 2) **Customization and ATS Optimization:** Teach each participant how to tailor their resumes for specific job opportunities and optimize them for Applicant Tracking Systems (ATS) to improve their chances of getting noticed by employers.
- 3) **Professionalism and Impact:** Emphasize the importance of professionalism, language, and quantifiable achievements to create impactful resumes that stand out to potential employers.
