

Government Engineering Collage ,Sector 28, Gandhinagar

Expert Session Report

Date: September 16 ,2023

Tittle : Expert talk on “Career opportunities for Electronics Engineering Students”

On September 16, 2023, GEC Gandhinagar hosted an expert session on career opportunities for electronics engineering students. The aim of this session was to provide valuable insights and guidance to electronics engineering students regarding their future career prospects. The event was attended by EC students from various semesters .

Guest Speaker: We were Glad to have prof. mrunal Shah as the guest speaker for this session. prof. mrunal is a distinguished professional with a wealth of experience in the field of electronics engineering. He is working with the Acumen gate academy from last 5 years and his career achievements includes mentorship to 10000+ students for gate and various other competitive exams. His expertise made him a valuable resource for our students.
