8. Program summary

The Computer/IT department of GEC Gandhinagar organized an alumni meet on Saturday, 18th March 2023, from 11 am to 1 pm IST, both online and offline. The meeting proceeded in the presence of respected Prof. Dr. D. A. Parikh (HOD - CE), Prof J. S. Dhobi (HOD - IT), Prof. M. R. Jani, and Prof. C. M. Kapadia with blessings of our principal Dr. S. P. Dave.

The event was organized in blended-mode by the CE/IT department with the help of Club IDE and managed by Viveena Rathii along with Suryadipsinh Vaghela and Sneha Karavadra as the hosts and Devansh Vora, Parth Parmar, and Jay Prajapati as technical support. The department coordinator Prof. Dhaval Khem provided full support in the organization of the event and also helped in the communication with the Alumnis.

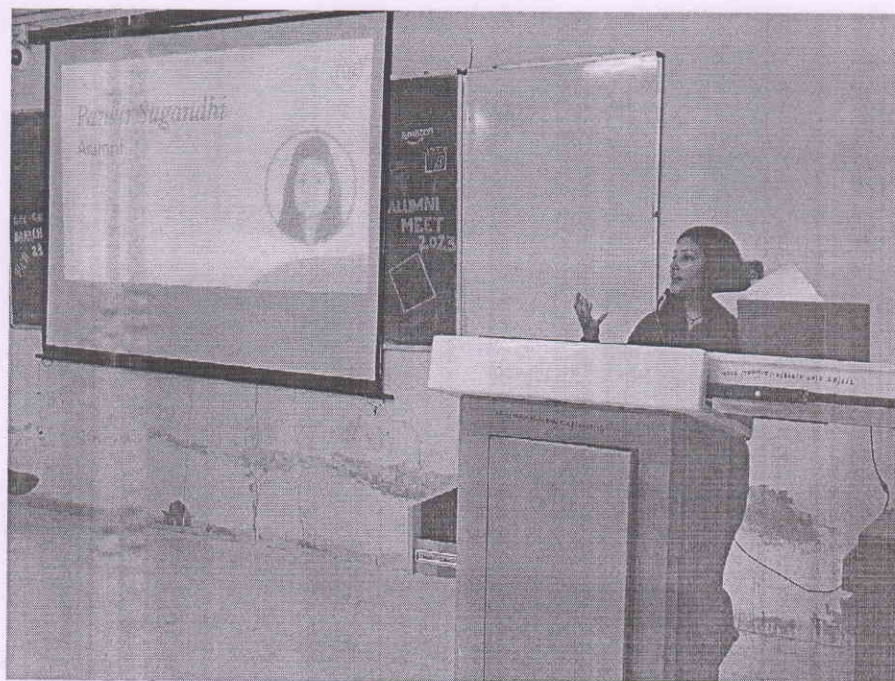

The meet saw a great turnout from the alumni community, eager to share their knowledge and expertise with the current students on various topics such as soft skills, resume building, android development, iOS development, Flutter, and cyber security.

The sessions were interactive, and the alumni provided hands-on training, which was greatly appreciated by the students. Beginning with a message from the HODs, we also discussed our CE/IT Department vision and missions and feedback was taken from the alumni.

After conducting a brief interaction with the attendees we proceeded with Bhakti Trivedi, interning at Amazon who shared her journey and on-going internship experience. Following bhakti, we invited Pankti Sugandhi to discuss the scope of android development, iOS development, and Flutter.

Our next speaker was Snehal Gajjar who shared tips and tricks for resume building and discussed crucial soft skills. He was further followed by Krishna Modi who practically explained core concepts of cyber security.

The event was concluded by our coordinator Prof. Dhaval Khem. At the end, all the faculties and alumni along with the attendees were summoned for group photos.

Overall, the alumni meet was a great success, and it was heartening to see the strong bond between the alumni and the current students. The Computer/IT department would like to thank all the alumni who took the time to attend and share their knowledge and expertise with the students. We look forward to more such events in the future.
