

Technology and Trends in Factory Automation

6/5/2023

Webinar was held on 6th May 2023 by Mr. Sandeep Yadav on the topic “Technology and Trends in Factory Automation”. The talk revolved around the IIoT, AI- based solutions and robotics to automate tasks, mitigating human intervention. Students got insights about various technologies used to ease the tedious work in industries.

Guest speaker, Mr. Sandeep Yadav is our enthusiastic alumni currently designated as Product Manager at Panasonic. He worked at Omron for 7 years as Assistant Manager. We were delighted to invite him for conducting an enriching session. The event was joined virtually by faculties and IC students of each semester. Mr. Sandeep shared his exhilarating experience of 12 years in industry. He guided students to take initiatives and provided zeal to learn different set of skills.

Positive and motivating feedbacks were attained after concluding the session. It was indeed the knowledgeable and enriching webinar.

Subject: Invitation for an online webinar for Semester VI Students (I.C) on 6-5-2023

Dear Sir,

Government Engineering College, Gandhinagar (GEC-Gn) is one of the leading Govt. Engineering Institution in Gujarat. It is established in the year 2004, approved by AICTE (All India Council of Technical Education) and affiliated to Gujarat Technological University (GTU), Ahmedabad. The institute offers 06 diversified undergraduate courses (BE- Electronic & communication, Instrumentation & Control, Computer, Biomedical, IT and Metallurgy) and 02 post graduate engineering courses (ME- Biomedical & Computer Engineering) with total 636 students.

We would like to invite you to conduct an online webinar for our students on “**Technology and Trends in Factory Automation**” on 6/05/2023 so that our students can be imparted guidance to improve their soft skills to have a successful career.

We request you to kindly give your confirmation for the same. Anticipating your favorable reply.

Thanking you

With Regards,

HOD (IC)
Dr. Narendra Arora

Subject: Expression of gratitude for conducting an online webinar on “Technology and Trends in Factory Automation” for Instrumentation & Control Engineering Students dated 6-5-2023

Dear Sir,

On behalf of the Instrumentation & Control Department, I thank you for speaking to students and faculties about the essentials to excel in this field, futuristic and existing technologies. Your expertise has helped in magnifying the knowledge of our students and faculties in the domain of Factory Automation.

Thank you once again for your time. I look forward to our next interaction soon.

Thanking you
With Regards,
